

NBS Alumni Leaders Dialogue: Empowering Women In Technology

Ms. Delphine Lee

Technology Analyst

SimplifyNext

Double Degree in Business (Business Analytics) & Computer Science

Ms. Delphine Lee is a technology associate at SimplifyNext, a startup focusing on automation and analytics advisory. She graduated from NTU in 2020 with Bachelors' in Business (Specialisation in Business Analytics) and Engineering (Computer Science).

During her time at the university, she founded Women in Tech @ NTU, a one-stop platform that curates diversity and inclusion resources for female undergraduates in STEM fields. With the support of the Women in Tech @ NTU team and companies in the tech industry, she did. Today, Women in Tech @ NTU has a reach of more than 1000 NTU undergraduates and professionals in its network.
