NTU NBS Alumni Association AI Forum

Panellist:
Mr Yang Kan
Regional Head of Data Intelligence
Alibaba Cloud International
Bachelor of Engineering (Electrical & Electronic), Class of 2008

As APAC Head of Big Data business, Yang Kan leads Alibaba Cloud's regional big data and AI business strategy and solutions. He and his team are dedicated to crafting solutions under ET Brain framework to various industries including smart city, new retail, smart manufacturing, etc.

Prior to joining Alibaba Cloud, Yang Kan spent 10 years managing enterprises' global big data strategy and programmes. He was responsible for transforming traditional businesses into data-driven organisations in oil and gas, and manufacturing industries.
